BESPOKE CORPORATE EVENTS

A Powerfully Unique Experience

Corporate experiences are a powerful and effective tool for achieving a multitude of objectives.

Over the years we have worked with companies in a range of industries, including a number of prestige car brands, to create premium experiences designed to engage, incentivise or reward clients and employees alike.

Our expert team works with your company to design an exclusive package tailored to your desired outcomes; a package that will be unforgettable for participants, and a success for your business.

ACCOMMODATION & DINING

We're About More Than Stunning Cars and Roads

We believe the locations in which you stay, and the restaurants in which you dine, are as much a part of the experience as driving incredible cars on the roads for which they were built. Our team invests countless hours into locating boutique, luxurious and experiential accommodation in 'off the beaten track' locations along our driving routes, complementing stunning properties with special dining experiences unique to your destination.

To accommodate for diverse preferences and sleeping arrangements, we've designed flexible accommodation packages. Your Tour Investment includes a gold category double or single room at each of the luxury properties featured on your experience (twin-occupancy rooms depend on the destination). From here you can choose to upgrade your package to include a platinum or black level room.

So whether you'd prefer an opulent suite with your partner, a standard room of your own, or a premium twin with a friend, we have the option to suit you.

In terms of dining, our driving tours and motorsport packages are typically designed to be all inclusive packages. So, from the moment you arrive until the moment you depart, all aspects of the experience are part of your tour investment, and all you need to do is arrive and enjoy. Typically this will include breakfast each morning, lunch each day, an aperitif on arrival each evening, and a gourmet dinner with accompanying wines.

Our self-guided drives offer a little more flexibility, with accommodation and breakfast included, but other dining at the discretion of guests. Our team are always on hand to provide dining recommendations, but guests have the option to decide on whether they would like to take up our recommendations or discover restaurants for lunches and dinners on their own.

COMMON QUESTIONS

Our Tours. Your Questions.

Do you have any queries about our supercar holidays, self drive experiences, motorsport packages or track events? Here are some of the most common.

Which vehicles are in the fleet?

Our fleet is comprised of a curated selection of latest release supercars, tailored to each tour and tour style.

On our driving tours, the number of cars in the convoy will depend on the number of guests, and is based on two guests occupying each vehicle. Our average tour size is 16 people and 8 supercars. Over the course of the drive you have the opportunity to drive all the cars in the fleet, cycling in a set order through 2-3 cars per day. Professional instructors are always on hand to provide assistance as you move through cars and all cars are insured with a deductible in place.

How does the driving work on your driving tours?

The drive operates in a loose convoy, with a lead and sweep car (driven by professional drivers), and two-way radio contact between all vehicles.

The lead car navigates for the convoy and provides updates on conditions, so drivers can focus on enjoying the cars and drive. The sweep car ensures no one becomes separated from the group. The drive is around 250km/155mi over 7-8 hours per day, including stops for morning/afternoon tea, lunch and driver/car changes.

What type of roads will I drive?

Our team has spent close to two decades researching and identifying the best roads in the world. We do our best to avoid heavily trafficked cities and seek out the freedom of the open road. The routes chosen for our tours cover a selection of different road types relevant to the location and tour type, from the tight switchbacks and hairpins of alpine passes, to loose, flowing country backroads, and fast-paced autostradas. The driving roads are also incredibly scenic, so whether you're behind the wheel or passengering for a section, you will be sure to enjoy it!

What type of guests do you have on your experiences?

On our events we host a mix of guests from around the world. We have friends, family, business associates, and more attend, including plenty of couples. While we do recommend sharing the experience with a partner or in a group, we can also cater for guests coming on their own. For our driving tours, single drivers will be partnered with another solo driver.

Ultimately our groups are made up of like-minded people who share a passion for motoring as well as the finer things in life. Many go on to keep in contact after the tour and often become life-long friends.

How does pricing work?

Unless specified otherwise, our experiences are priced per person. On our driving tours and self drives, pricing is based on two people occupying each vehicle. Typically the driving is shared between occupants, who alternate between being behind the wheel and being a passenger. Should your partner not wish to drive, then you will have double the time, and excitement of riding along. If you are travelling as a solo driver, you will be paired with another solo driver in the vehicle. Your Tour Investment is comprised of the Tour Package, and any Accommodation Upgrades or Optional Add-Ons.

Where do we stay and eat?

The places you stay each evening and the restaurants in which you dine should complement your overall experience. Our team seeks out luxurious and unique hotels in the regions we visit, from ornate castles, to private villas, boutique resorts and more. Dining is always a social affair, pairing gourmet cuisine with fine wine, over which the group can share stories and experiences. Guests on our driving tours will always stay and dine together; the only difference with the accommodation upgrades will be the room category, as well as extras.
